

MPO POLICY COMPLIANCE

The undersigned applicant is aware of and hereby agrees to comply with all policies and plans adopted by the St. Joseph Area Transportation Study Organization (SJATSO) regarding project development, design and construction. These include but are not limited the following:

- New bridge construction, adopted 2003
- Bridge deck replacement, adopted 2007
- Bicycle & Pedestrian Masterplan, adopted 2001
- 20 Year Long Range Transportation Plan, adopted February 2005

The applicant also agrees to submit a list of the obligated projects that was included in the previous fiscal year TIP. This includes the project name, TIP number, the date it was bid and the obligation amount. This list will be turned in with all other forms for processing. A mid-year report for the current fiscal year programmed projects will also be due in October. Failure to provide timely information at this juncture will result in a freeze on any TIP amendments that may be needed.

The applicant understands that any project that does not comply with all of these provisions, they will be subject to not being included in the Transportation Improvement Program (TIP) or may be unilaterally removed thereafter from an approved TIP if the project is found to be non-compliant after TIP approval. The applicant also understands the provisions of the mid-year program report.
